# PHOTOGRAPHY IS MY PASSION

Congratulations! You're engaged to be married and planning a wedding...

I understand that you are in the midst of one of the most amazing, remarkable, exciting and all-round fantastic periods of your life. As a professional wedding photographer I never forget what a privilege it is to share some of those precious wedding moments with you.

We'll have discussed what photographs you'd like well in advance of the day and will have put a loose plan together of how we're going to accomplish getting all those beautiful images without anyone feeling stressed (or tired of smiling!)

I'm inspired by you. I want to tell your story. Your wedding photography shouldn't just be a collection of neat clips from your day, it should capture the essence of your day.

I have the experience, knowledge and integrity to deliver faultless wedding photography that's as unique as you are. If you're looking for a creative wedding photographer with a relaxed approach that'll put you at ease, then I'd love to hear from you.
